A chair for great variety

It's all about simple and sleek seating. Away from the complexity, Eon makes you feel home comfort and provides a great variety of use.

Eon's comfort comes from its back curve and holistic body. Thanks to the rich materials - natural wood options, colorful soft cushion, or pure white laminated surface - it fits with any environment.

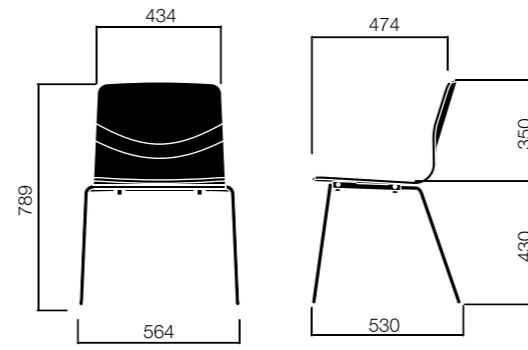

It's all about simple and sleek seating. Away from the complexity, Eon makes you feel home comfort and provides a great variety of use. Whether a student taking notes in the classroom, a manager making important decisions in a formal meeting or a couple having breakfast around a dining table... Thanks to the rich materials - natural wood options, colorful soft cushion, or pure white laminated surface - its mission is expanding.

Eons fits with any environment not only with materials, but also having additional features like leg options, writing pad, armrest and storage space. Eon brings comfort with its back curve and holistic body and gives you space being easily stackable.
