Let us pay attention to the reception desk with the lowered desk top which makes communication easier and works perfectly in customer service bureaus.

FORO

Unique, **cubist shape** of the reception desk makes the character of the room very expressive. Two overlapping rectangles available in four color variants – **white, green, red** and **orange** create the front of the counter.

Glitter of the frontal parts contrasts with the matt body and the desk top which can be white or chestnut. Not so big body of Foro is extremely capacious and offers enough space for essential devices and stationery.

Three rectangular elements link the straight reception counter ZEN in a particular way. The modules equipped with **LED-lighting** add delicacy and improve the working conditions in the

darkened rooms. **Brushed aluminum** used in the kick plate perfectly matches the **white colour** of the reception counter.

Ovo is a multifunctional reception desk dedicated to small rooms or customer service bureaus. Due to a **lowered desk top** it is easy to communicate with a client in a sitting position. The common part of the desk top allows to deal with documents easily and provides trouble-free communication. The lifted part of the reception desk includes a **hidden**

computer stand and the vertical shelf for files and documents. Apart from ergonomics the Ovo reception desk offers an interesting form connecting a white oval of the desk top with a dark rectangle of the body and the frontal part of furniture produced in two optional colors - cocoa and chestnut.
